## READING - compulsory

1. Read the text. Circle the adjectives (in colour) and write them in the chart. Complete the rest of the chart.

Yesterday my brother and I went to see a football game. We watched our two favourite teams, the Eagles and the Hawks. It was the second week of the season and the day was much colder than the week before. We were excited because I love the Hawks and he loves the Eagles. The seats were good, but I wanted something closer to the field. The problem with my brother and I is that we both think our team is better than the other team. He always tells me that the Eagles are faster, stronger, and smarter than the Hawks. Sometimes he is right but sometimes he is wrong.

One thing I didn't like was the food and drinks. They were much more expensive than other places, and tasted much worse. I was surprised that a hotdog and a drink cost \$7. Also, the hotdog was smaller than normal hotdogs. So I was a little sad about my meal, and hoped to get something tastier after the game.

## WORKING WITH A DICTIONARY - optional

2. Read the text. Find the adjectives and underline them. Write them and try to find their meaning in the dictionary.

Yesterday I went to a new art museum. I like to look at the beautiful paintings and the bright colours. I looked in a very big room that had large statues. Many of the statues were very tall. The next room I visited had many old paintings. The paintings were painted by very famous artists. The paintings were incredible. After the museum I went for a walk on the street. It was lunchtime and the street was very busy. The traffic was loud and the busy people went from place to place. The street was tiny and there were many trucks and vans. I decided to have lunch because I was very hungry. The restaurant I went to was beautiful, and the food smelled delicious. I ate pasta, with a creamy, white sauce. For dessert I had a piece of apple pie with ice cream. The food was delicious and it was a great day.
